48 MONTHS

Written by Manu Chopra

A no-holds-barred custody battle erupts when a fertilized embryo in a fertility clinic is the only chance for two argumentative sets of grandparents to continue their family lines.

Synopsis

A young couple near Guilin, China, gets the good news that the hospital fertility clinic has finally fertilized their egg but a tragic car accident that night ends their lives, leaving a new human life behind in a test tube, in limbo.

The couple's stricken parents have now each lost their only child and they turn their full attention to gaining control of the embryo. After 48 months of fighting and media frenzy the courts fail to award a winner due to lack of precedent, a situation made worse by the fact that surrogate pregnancy is illegal in China. The parents conclude they have to cooperate, steal the embryo and go find a surrogate mother. Their amateur and messy plan gets them the embryo but also a highly motivated security chief from the hospital on their tail, determined to keep his job and protect the hospital from the embarrassment of losing the famous embryo. Their destination is Laos where surrogacy is legal but the spirit of cooperation is tested every step of the way as they suffer through accidents, robbery, money problems, pests and each other as their pursuer closes in.

Will they make it to Laos and find a surrogate mother? In time? Will they get caught or will they become doting grandparents?

怀胎48月

编剧：Manu Chopra

当两对失独老人发现他们孩子的冷冻胚胎保存在医院里，那是他们延续「香火」的唯一希望，一场史无前例、肆无忌惮的胚胎争夺战一触即发。

故事梗概

中国桂林的一对年轻夫妇终于收到医院人工受孕成功的好消息，可惜当晚他们就被一场车祸夺去了性命，只留下一个还在试管里的新生命，前路茫茫。而他们双方的父母临近晚年却痛失爱儿，顿成失独老人，于是他们都把所有注意力放在试管里的新生命。经过48个月的法律斗争和媒体狂热的报道，法庭最终还是因为缺乏先例而无法给予任何一方继承权，而在中国代孕行为又是违法，这让情况变得更糟糕。四位老人最终决定联手偷走胚胎去找代孕妈妈，他们的计划既业余又荒唐，虽然他们成功偷到胚胎，但也惹到医院里「极其尽责」的安保主管，为了不让「明星」胚胎被窃而使得医院名誉扫地，于是对他们穷追不舍。老人们希望把胚胎送到可以合法代孕的老挝，一路历尽艰辛，意外、抢劫、穷迫、疟疾和他们相互之间的分歧，让他们的合作备受考验。

他们能顺利到老挝找到代孕妈妈吗？能及时赶到吗？

他们会不会被抓？如果孩子顺利出生了，他们会不会变成过度溺爱的家长？
